

MOREWAY LTD

ANIMAL HEALTH CARE INSTRUMENTS AND LIGHT FARM MACHINERY

NJ Phillips 60ML Oral Drencher with Floating Hook.

When combined with the 60ml drencher the floating hook greatly reduces the work load involved with oral dosing.

60ml Oral Drencher attributes:

- Lightweight and easy to use
- Durable plastic body
- Variable dose settings
- Removable valves and removable cylinder to provide easy access for cleaning
- Designed to administer oral animal health products

Floating Hook attributes:

- Hyflow Hook Nozzle to fit 20ml, 30ml & 60ml metal & plastic drenchers
- Fast refill due to large inlet fitting and tube

Suitable for: Cattle

NJ Phillips: Leaders in Innovative Pharmaceutical, Chemical and Application Systems for the Animal Health, Agriculture and Food Service Industries. NJ Phillips is an ISO 9001:2000 certified company.
